American Indian Science and Engineering Society recognizes Terry Dayish as the 2020 AISES Partner Service Award Recipient

*Shiprock, New Mexico* — The American Indian Science and Engineering Society (AISES) recognizes Terry Dayish, a Governmental Relations Manager with the Arizona Public Service Company (APS) with the 2020 AISES Partner Service Award at its Annual National Conference.

The AISES Partner Service Award goes to an individual that go above and beyond the support of invaluable contributions in advancing Science, Technology, Engineering, and Mathematics (STEM), and the overall organizational mission. The AISES staff recognizes Terry Dayish for his service to and advocacy for AISES. “This honor is not lightly bestowed. This award is a symbol of our appreciation for your support of our AISES mission,” said Sarah Echohawk, AISES CEO.

Mr. Dayish is a Licensed Professional Engineer, holds an Electrical Engineering degree from New Mexico State University (NMSU), and served in the United States Marine Corps prior to starting his engineering career with APS. Mr. Dayish is also a co-founding member of the Four Corners AISES Professional Chapter.

“Congratulations to Mr. Dayish on his award and his advocacy to cultivate the regional STEM resources, and to network with students and professionals internal and external to Four Corners AISES Professional Chapter,” said Rachel Brown, Four Corners AISES Chapter President.

*About Four Corners AISES*

Four Corners AISES was founded in 2018 and is a regional, nonprofit organization focused on empowering and inspiring Native American students, professionals and communities by promoting
Science, Technology, Engineering and Math (STEM) initiatives and programs in the Four Corners region.

About AISES
AISES was founded in 1977 and is a national, nonprofit organization focused on substantially increasing the representation of American Indians, Alaska Natives, Native Hawaiians, Pacific Islanders, First Nations and other indigenous peoples of North America in Science, Technology, Engineering and Math studies and careers.
