Four Corners AISES Professional Chapter Announces 2021 Board Officers and Committee Chairs

Gallup, New Mexico — The Four Corners AISES Professional Chapter elects 2021 Board Officers and Committee Chairs. Four Corners AISES is a Professional Chapter of the American Indian Science and Engineering Society (AISES) for the Four Corners region.

Four Corners AISES members selected Cheyenna Manygoats, Sr. Water Planning Analyst with the Salt River Project (SRP) and Andreanne Woods, Sr. Environmental Scientist with SRP as the Board Co-Presidents. Also selected were Tyler Frazier, Plant Program Manager at the Four Corners Power Plant (FCPP) for Arizona Public Service Company (APS) as the Board Vice-President, Letisha Yazzie, Watermaster with New Mexico Office of the State Engineer as the Board Treasurer, and Shawndeana Smith, Regional Coordinator for New Mexico MESA as the Board Secretary.

Four Corners AISES professional members also selected the following member Professionals to serve as Committee Chairs:

- Shylah James, Social Media
- Joni Tallbull & Shylah James, Fundraising
- Donna Fernandez, Strategic Plan
- Racheal Brown, Audit & Finance
- Nathan Tohtsoni, Educational Outreach
- Joni Tallbull, Membership
- Sam Woods, Professional Development & Partnership
Four Corners AISES Professional Chapter is closing its 2020 program year with winning the national, “AISES Professional Chapter of the Year Award” and the 2021 Board and Chairs members are strategically in-place to carry out the 2021 Chapter STEM initiatives and projects focused to mentor, support and develop students and professionals”, said outgoing President Rachael Brown.

**About Four Corners AISES**

Four Corners AISES was founded in 2018 and is a regional, nonprofit organization focused on empowering and inspiring Native American students, professionals and communities by promoting Science, Technology, Engineering and Math (STEM) initiatives and programs in the Four Corners region.

**About AISES**

AISES was founded in 1977 and is a national, nonprofit organization focused on substantially increasing the representation of American Indians, Alaska Natives, Native Hawaiians, Pacific Islanders, First Nations and other indigenous peoples of North America in Science, Technology, Engineering and Math studies and careers.
